

## Experience Certificate For

Internee's Name: Raja Sami Ullah Zaib

Registration No: B22F0687CS108

Department Name: IT AND CS

Campus: PAF-IAST

Starting Date of Internship: 26/07/2024

Ending Date of Internship: 31/08/2024

Internship Team: Android Team

## To Whom It May Concern

This is to certify that the student currently pursuing his degree has joined the Insaafdar's task-based internship program and this experience certificate is being issued to him at the end of the internship program. The internship was supervised by Noor Mohammed Khan, Managing Partner, Insaafdar.

During the internship, the student was placed as part of multidisciplinary team. The team was given different assignments with the objective of learning from the application of skills and mentoring provided by the supervisor. Below is a summary of his experiences, which is based on the learning journal maintained by the intern during the duration of his engagement with the firm:

**Experience Gained During Internship:** *The intern claims to have learned the following skills during the course of his internship with the program. No formal assessment has been made to verify the claim made by the intern in his Learning Journal.*

**Meeting Participation:** Observed and learned from discussions led by Mr. Noor Muhammad Khan on follow-up tasks, Clio report review, chatbot development, and e-learning module planning.

**Android Development:** Gained knowledge about various types of Android apps (Native, Hybrid, Cross-platform) and the Android Studio environment.

**Internal Coordination:** Participated in discussions with team members on project division and learned about the Software Requirements Specification (SRS) for future development phases.

**eLearning App Development:** Began learning about the development of a basic eLearning app, including user registration, login, and course browsing features.

**Project Planning:** Acquired skills in outlining project plans for an eLearning app, including user authentication and course listing functionalities.
